

The OPP Association is a provincial organization with local branches and local representatives in communities across Ontario. These local branches regularly support charitable organizations such as their community's service groups, sports teams, and local events. The OPP Association members are part of the fabric of each community we police and use their dues to support these worthwhile causes financially.

In the past two years, our members have donated more than \$250,000 to support a wide range of charities.

Some of the charities we have supported in the past two years include:
